**Robert C. Gaby, CPA, CITP, MCP**

Robert (Bob) C. Gaby, CPA, has over 28 years of technology consulting and public accounting experience. He is a founder and principal in Arxis Technology, Inc., a management and technology consulting firm located in Simi Valley, California. He is also a partner in Arxis Financial, Inc., a full service accounting firm affiliated with ATI. Bob and his firm specialize in the implementation, integration and support of mid-market accounting and business management solutions and the development of custom applications for the manufacturing, distribution, food and beverage, and various service based industries.

Bob received his Bachelor of Science degree in Business Administration with emphasis in Accounting and Finance from California State University at Northridge in 1981. He is a Certified Public Accountant, Certified Information Technology Professional, and holds a Microsoft Certified Professional designation. He and his firm are resellers, developers and consultants for several top-selling accounting systems including Sage MAS90/200, Sage MAS500, Sage Accpac ERP, Sage CRM and Intuit QuickBooks Enterprise. ATI is also a reseller and consultant for Business Objects, a leading mid-market Business Intelligence solution. ATI has qualified for *Accounting Technology* magazine's "VAR 100" for the last six years and has been recognized by *Accounting Today* as a "Technology Pacesetter" for the last seven years.

Bob has previously presented for the California Society of Certified Public Accountants, the American Institute of Certified Public Accountants, the Information Technology Alliance (ITA), the Society of California Accountants, the Institute of Management Accountants, state computer shows, local user groups and colleges, and is an associate instructor for K-2 Enterprises. He has written and taught courses on Microsoft Windows, information systems, accounting systems, office automation, wireless technology, security, database selection and network implementation. Bob currently serves on the Board of Directors for the Information Technology Alliance. He is the past chair of the CSCPA State Technology Committee and former Program Chairman of the Los Angeles CSCPA Chapter Westside Technology Users Group. He has also served as a member of various other CSCPA and ITA planning committees for courses, conferences and computer shows.

Bob lives in Santa Clarita, California with his wife and three children. In his spare time he enjoys traveling, camping and coaching basketball. He currently serves in an advisory capacity to several community and civic organizations.
