

Sage Pro ERP Customer Offer

Sage Pro ERP and VisionPoint customers who would like to consider moving to Sage Accpac ERP will be offered two different plans based on whether they are currently registered with a Sage Software Assurance support plan.

- **On Plan Customers will receive:**
 - Free Sage Accpac New License based on like modules and users with the requirement of a two-year maintenance and support agreement
 - Additional Details:
 - Additional modules and users can be purchased at the full list price
 - Offer does not include third party product
 - Data migration costs not included
 - Must have been on a Sage Software Assurance support plan for 24 months or greater, *or* pay-back fees totaling 24 months
 - If there is a balance on the Sage Pro Software Assurance support plan contract, the dollar amount is converted into additional Sage Accpac Software Assurance support *plan* months and added to the end of the contract

Further discounts apply for customers who want to purchase additional years of Sage Software Assurance support at the time of their purchase: 10% discount for year three and 15% discount for year five.

Note: All pricing for this customer offer must be verified with your Sage Pro account manager to validate like module pricing.

- **Off Plan and Legacy Customers:**
 - Sage Accpac ERP module and user pricing at a 50% discount off SRP pricing based on like modules and users.
 - Must purchase a one year maintenance or maintenance & support agreement
 - Additional Details:
 - Must have used Sage Pro for at least two years
 - Additional modules and users can be purchased at the full list price
 - Offer does not include third party products
 - Data migration not included
 - Per User Pricing – Standard per user pricing applies
 - Must purchase a one year maintenance or maintenance & support agreement
 - Additional Details:
 - Must have used Sage Pro for at least two years
 - Offer does not include third party products
 - Data migration not included

Note: All pricing for customer offer must be verified with your Sage Pro account manager to validate like module pricing.
